Justification and Approval  
For Other Than Full and Open Competition

**1. CONTRACTING AGENCY** - U. S. Army Research Development and Engineering Command Contracting Center, ATTN: AMSRD-CCR-AP-CO, Aberdeen Proving Ground, MD 21005-3013.

**2. DESCRIPTION OF ACTION** - This Justification and Approval (J&A) is for an Indefinite Delivery Indefinite Quantity (IDIQ) contract for a three year period. This is a follow-on IDIQ contract to contract W91CRB-05-D-0018 that was awarded to AM General LLC on 23 May 2005. The AM General LLC contract was for a base year with four one-year options. All of the options have been exercised and request the new IDIQ contract be awarded in order that there is no interruption in these services to the Foreign Military Sales (FMS) customers. Funding for each delivery order will be provided by the FMS customer using the funds identified on their specific FMS case.

**3. DESCRIPTION OF SUPPLIES/SERVICES** - The Quality Assurance Teams (QAT) will oversee loading/unloading, deprocessing, completes repairs as required and ensures operational condition. Performs basic on-site vehicle movement familiarization, records deficiencies, makes repairs within the capability of the team. The certified AM General Field Service Representative (FSR) ensures that all repairs meets the standards of the High Mobility Multi-purpose Wheeled Vehicles (HMMWV) and meets the standards of the warranties. The services under this contract will be limited to those to maintain warranty, and post warranty work will be performed by other means.

It is estimated that approximately three delivery orders will be required per year for the AM General Field Service Representative (FSR). Each trip will be for approximately 14 - 17 days in duration and will cost approximately \$25,000.00 - \$30,000.00 per trip. The number of vehicles to be inspected will dictate the length of each trip. Trip costs will vary depending on the length of trip and area to be visited. Per diem costs and travel expenses will be billed in accordance with (IAW) the Joint Travel Regulation (JTR). The contractor shall travel using coach accommodations.

**4. AUTHORITY CITED** - Only one responsible source and no other supplies or services will satisfy agency requirements. (FAR 6.302-1)

**5. REASON FOR AUTHORITY CITED** - AM General LLC has not certified any subcontractor to be Original Equipment Manufacturer (OEM) to perform the work on the HMMWVs. Other companies may be able to perform the work but their actions will result in AM General LLC negating the warranty of the HMMWVs. If a contract is not awarded by 23 May 2010, then the FMS customer may have vehicles delivered but would be unable to use as result of needing repairs. In addition, if the customer utilizes the vehicles and AM General has not inspected and accepted the vehicles, then the warranties may be negated.

**6. EFFORTS TO OBTAIN COMPETITION** - AM General LLC was contacted requesting names of other companies or individuals not employed by AM General LLC, who are certified by AM General LLC to complete the work. AM General LLC has stated they do not certify any other companies or individuals not employed or no longer employed by their company as certified FSRs.

Prior to the current AM General LL contract W91CRB-05-D-0018 being awarded RDECOM synopsised the requirement and received no other bids. A synopsis is not required for this acquisition in accordance with FAR 5.202(a)(3) because this is a foreign military sales acquisition.

**7. ACTIONS TO INCREASE COMPETITION** - The U. S. Army Security Assistance Command (USASAC) will periodically follow-up with AM General LLC to ascertain AM General personnel has certified any subcontractor or will be certifying any subcontractors to perform this work.

**8. MARKET RESEARCH** - No additional Market Research was conducted after receiving notification form AM General LLC, that there were no individual or subcontractors certified to perform this work.

**9. INTERESTED SOURCES** - There are no known interested sources as result of AM General LLC not qualifying any individual or subcontractor to accomplish this work.

**10. OTHER FACTS** - QAT is a service provided under the Army's Total Package Approach concept to insure customer satisfaction and the delivery of 100% fully operational vehicles to the Foreign Military Sales customer. The QAT will consist of a USASAC technically qualified individual and a certified AM General LLC HMMWV FSR. The USASAC QAT will assist the AM General FSR to determine the problems and completed any repairs with the vehicles.

**11. TECHNICAL CERTIFICATION:**

I certify that the supporting data under my cognizance which are included in the justification are accurate and complete to the best of my knowledge and belief.
